ARE YOU AN ADULT LIVING WITH BORDERLINE DIABETES OR LIFE-STYLE CONTROLLED DIABETES?

WE ARE INVITING YOU TO TAKE PART IN RESEARCH ABOUT THE DIABETES AND WEIGHT LOSS DRUG, SEMAGLUTIDE

REIMBURSEMENT OF UP TO £750 UPON STUDY COMPLETION

What's involved?

5 visits to Hammersmith Hospital over ~3-weeks:

Health assessment and body composition measurements

- Wear a glucose monitor on your arm
- Take study tablets at home for a week
- 2 x visits for blood tests after drinking a nutritional milkshake

Why get involved?

- Help improve the care for people living with a type of diabetes, called steroid-induced diabetes.
- Reimbursement of up to £750 for the completed study.

I'm interested, who should I contact?
